Yellow warning markers indicate the approximate route of larger pipelines and how to contact the operator. The right of way for a pipeline must always be kept clear so that the line can be visually inspected and quickly repaired. Obstructions, such as buildings, cars and debris, must be kept off the right of way. State law requires you to call 811 at least two working days before digging to have pipelines or other utilities marked.

### Important Messages from Your Natural Gas Company

The Louisiana Public Service Commission (LPSC) has adopted rules to ensure that utility companies provide a deferred billing program during specific emergency situations. The program allows eligible customers to defer their utility payments in the event that the LPSC declares an emergency for reasons that cause utility bills to reach extraordinary levels.

The rule provides that eligible customers include persons with low incomes who are 65 or older, persons who receive public assistance, persons whose sole income consists of Social Security payments, and vital government entities.

If an emergency is declared, customers who make the required payments cannot be disconnected. To qualify for this program, customers must meet eligibility requirements and pre-enroll. If you think you meet the eligibility requirements and would like to pre-enroll, please call our customer contact center at 1-888-286-6700.

If current bill is not paid by the due date, a penalty (if applicable) will appear on your next bill and any prior amounts already past due may result in service disconnect. Please contact us online or by phone for assistance.

## IS YOUR HOT WATER TOO HOT?

Water temperatures higher than 120°F can cause serious burns or even death. Children, people with disabilities and the elderly are at high risk for being scalded by hot water. Read and follow the instructions for your water heater before setting its temperature controls. Always test the water before stepping into the bath, bathing your child or helping a disabled or elderly person into the bath.

If an emergency is declared, customers who make the required payments cannot be disconnected. To qualify for this program, customers must meet eligibility requirements and must pre-enroll in the plan. We haven't heard from you yet. We're reaching out one more time to help you get caught up on your bill. Time's running out and we don't want you to miss any more of your favorite services.

**Here's how we can still help you:**

- **Provide 50% off** your past due balance, excluding Installment Plan charges (*up to $250), when you pay the remaining balance on your account
- **Credit any fees** to restore your service

Call us at **800.288.2020**.

Limited time offer and subject to change. If you choose not to accept this offer, and do not make payment for the discounted or full past due balance, your service will be terminated. Once your service is terminated, if you choose to reconnect your service(s), installation charges may apply. Also, if you have leased equipment from us when the service is terminated, we will send a letter to provide you with details on how to return it to an authorized location. You may be billed for equipment not returned within 21 days of termination of service.

Your past due balance must be paid within 21 days from the date of this notice for your service(s) to be restored and if applicable, prevent acceleration of all Installment Plan charges and continue with them as though you were not late.
