**Re: Reimbursement of shared household and child-related expenses**  
Matter: Pearson v. Pearson, No. 236951 Div. A, Family Court, Parish of East Baton Rouge

Dear Lindsey,

Enclosed is a complete accounting of the household and child-related expenses I have paid from August 2024 through July 2026, together with the share of each category that is yours under our agreement and the Interim Consent Judgment dated January 10, 2025. Household costs — the mortgage, utilities, pool, storage, cleaning, lawn care, and sale-preparation work on the house — are divided equally. School, tuition, and the children’s medical, dental, and vision costs are calculated at twelve percent (12%).

**Summary of amounts:**

Every figure is drawn from a source document — the bills, invoices, statements, and payment records themselves. The enclosed statement itemizes each charge by date. Utility amounts use each month’s current charges rather than past-due balances, so no month is counted twice; duplicate documents and partial-payment receipts were identified and removed; and amounts I have already paid you are credited in full against the balance. The original bill or invoice behind any line item is available to you on request — just tell me which ones and I will email them.

Please review the enclosed statement and let me know within thirty (30) days how you would like to arrange payment or discuss any item. I am open to a payment schedule.

Sincerely,

Gerald "Ned" Pearson Jr.

## How this was calculated

Each expense was taken from source bills and receipts. Utility bills use the current-period charge (past-due balances excluded so no month is counted twice). Percentages reflect the parties' agreement: household and utility costs are shared 50/50; school/tuition and medical/dental/vision at 12%. Duplicate documents and partial-payment receipts were removed. Payments already made are credited against the balance. A full itemized ledger follows.

## Itemized ledger
